                                                                                                                       Chapter 1. General rules
   in the state register of bases
                                                                       1. This Provision regulates the state register of databases on the Person (further - the State register)
   on registration
   CERTIFICATE
                                                             determines the order of formation and conduct
                                                                       2. The State Register deals with the registration and systematization of personal databases and personal data
                                                             in order to control compliance with the requirements of the legislation in the process of data processing.
                                                                       3. The following basic concepts are used in this Provision:
                                                                       identity information - the ability to identify or identify a specific individual
                                                             information provided electronically, on paper and (or) in another material body;
                                                                       subject of personal data (hereinafter referred to as the subject) - personal data
                                                             being an individual;
                                                                       personal database - an information system that contains personal information
                                                             database;
                                                                       the owner of the personal database (hereinafter referred to as the owner) - personal data
                                                             state body, physical and (or) legal entity that has the right to own, use and dispose of the database
                                                             person;
                                                                       personal database operator (hereinafter referred to as the operator) - to personal data
                                                             the state body, individual and (or) legal entity carrying out the processing;
                                                                       State Register - for a person registered by the owner and (or) operator by submitting an application
                                                             list of databases;
                                                                       registration number in the State Register of Personal Databases (hereinafter referred to as the registration number) -
                                                             in respect of a person registered by the owner and (or) operator by means of an application
                                                             the registered number of the database in the State Register.
                                                                       4. Registration of personal databases in the State Register by the owner and (or) operator
                                                             should.
                                                                       5. Requirements of this Charter:
                                                                       personal data by an individual for personal, domestic purposes and their own professional or commercial activities
                                                             processing without connection;
                                                                       Formation of documents of the National Archive Fund and other archival documents containing personal data,
                                                             storage and use;
                                                                       processing of information about the person included in the list of information constituting state secrets;
                                                                       operational search, intelligence and counterintelligence activities, the fight against crime, law enforcement,
                                                             as well as against a person obtained in the framework of the fight against money laundering
                                                             does not apply to data.
                                                                       Ingredients:
                                                                       a church belonging to the participants (members) of a public association or religious organization and respectively
                                                             information about the person processed by the association or religious organization, not to distribute them to third parties
                                                             or on condition of non-disclosure;
                                                                       made accessible to all by the subject;
                                                                       containing only the last name, first name, and patronymic of the subjects;
                                                                       for one-time entry of the subject into the territory where the owner and (or) the operator is located, or other similar
                                                             necessary for the purposes;
                                                                       to information systems of personal data with the status of automated state information systems
                                                             included;
                                                                       processed without the use of automation tools;
                                                                       in respect of a person who has information about the person being processed in accordance with the labor legislation
                                                             databases are not registered.
                                                                       6. Registration of the database on the person in the State register, change to the previously entered data
                                                             No fees are charged for entry and removal from the State Register.
                                                                                                        Chapter 2. Formation and maintenance of the state register
                                                                       7. The state center of personalization under the Cabinet of Ministers of the Republic of Uzbekistan (further - the State
                                                             personalization center) forms, maintains the State Register and ensures the integrity of information in it.
                                                                       8. Formation and maintenance of the State Register Information and communication by the State Center for Personalization
                                                             through the information system for maintaining the State Register using technologies.
                                                                       9. Use of the information system for maintaining the state register, including access to the system for filing "Electronic
                                                             government "through a single user identification information system (id.gov.uz).
                                                                       10. Maintaining the state register through the information system provides the following services via the Internet world information network
                                                             will be able to show:
                                                                       Registration of the personal database in the State Register, change to previously entered data
                                                             application for inclusion and exclusion from the State Register;
                                                                       Checking the status of a person's registration in the State Register through the registration number of the database.
                                                                                  Chapter 3 Procedure for registration of a personal database in the State Register
                                                                       11. Registration of the database on the person in the State register is provided in appendix 1 to the present Provision
                                                             according to the scheme.
                                                                       12. Registration of the personal database in the State Register by the owner and (or) operator
                                                             An application for the maintenance of the State Register through the World Wide Web Internet in the Annex 2 to this Regulation
                                                             is formed according to the given sample and sent to the State center of personalization.
                                                                       At the request of the owner and (or) operator, the application may be submitted in paper form.
                                                                       13. Application formation by the owner and (or) operator is carried out step by step. Owner and (or)
                                                             the operator enters the application requested information and maintains the State Register by the information system in general
                                                             by selecting the information offered from the reference.
                                                                       14. Information contained in the state information resources contained in the application, the applicant's "e-government"
                                                             taking into account genuine personal data obtained from the Unified Information System of Identification of Users (id.gov.uz)
                                                             maintenance of the State Register is automatically completed by the information system.
                                                                       15. Registration of the database on the person in the State register or registration in the State register
                                                             the decision to refuse to transfer is made by the State Center for Personalization within fifteen days from the date of application
                                                             accepted during.
                                                                       16. On the basis of the decision on registration of the database on the person in the State register
                                                             The official in charge of the State Center for Personalization makes a unique record in the State Register of Person Databases
                                                             registers with the number.
                                                                       17. Personal database Registration in the state register of personal databases
                                                             The date of issuance of the certificate is the date of registration in the State Register of Databases of the person.
                                                                       18. Personal database Registration in the state register of personal databases
                                                             Certificate is formed through the information system of the State Register in accordance with Annex 3 to this Regulation
                                                             and this certificate is issued by the State Center for Personalization to the e-mail address of the owner and (or) operator
                                                             will be sent.
                                                                       An electronic copy of the certificate issued by the State Center for Personalization of the State of the owner and (or) operator
                                                             It is possible to download the register through the "personal account" in the information system.
                                                                       19. The State Center for Personalization has a database of the person from the owner and (or) operator in the State Register
                                                             additional information in order to ensure the completeness of the information provided in the application for registration
                                                             may ask.
                                                                       20. Incomplete information provided by this Regulation shall be provided to the person
                                                             will be the basis for refusal to register the database in the State Register.
                                                                       21. The State Center for Personalization refuses to register the person in the State Register of Databases
                                                             Electronic decision of the owner and (or) operator through the information system of the State Register
                                                             sends to the postal address or residential address (when the application is submitted in paper form).
                                                                       22. Elimination of the grounds for refusal to register the database of the person in the State Register
                                                             provided that this database is prevented from re-applying for registration in the State Register
                                                             can not.
                                                               Chapter 4 Changes and additions to the database on the person registered in the State Register
                                                                                                                             input mode
                                                                       23. Changing the database of the person in the registration data in the State Register and
